

Step 14 — Income module (manual test guide)

Goal: Confirm income CRUD on the shared `financial_transactions` model (`type=INCOME`), dynamic income fields, soft delete + audit, reuse of categories/departments/vendors (customer/payor), and dashboard Net Balance = Income – Expense.

Maps to: Phase 6 — Income

Do not treat the MVP as complete until every required item passes.

Artifacts:

- Markdown: `docs/manual-test-guides/step-14-income-module.md`
- PDF: `docs/manual-test-guides/step-14-income-module.pdf`
- Postman: `docs/postman/FMS-API.postman_collection.json` (Incomes folder)
